

Mannatech Optimal Skin Care

Quality of life means not only feeling great, but looking great, too. Mannatech offers everyone the gift of hope for better skin hydration, and more youthful looking skin.

Your skin is the largest organ of your body. The aging of skin is associated with decreased hydration, which may lead to lines and wrinkles.

Every day, your skin is exposed to pollutants, chemicals, toxins and UV rays from the sun. These challenges make it difficult to keep your skin looking healthy and beautiful. A massive skin care industry has evolved to address the demand for healthy skin, but not just any product will do. Educated consumers are demanding quality skin care products that utilize the best hydrating ingredients while eliminating some of the unwanted chemicals used in some skin care system.

Mannatech Optimal Skin Care System™

The Mannatech Optimal Skin Care System™ is designed to nourish, hydrate and promote more youthful-looking, radiant skin. It is a proprietary, water-based* system that includes natural ingredients to offer moisture and remarkable hydration. It is formulated without paraben preservatives.* One consumer study showed an 80% improvement in skin hydration after just one use, and 100% improvement after 8 weeks of use.

While many skin care lines offer complex products requiring lots of decision-making, the Mannatech Optimal Skin Care System™ line is designed to help women and men have more beautiful, healthy skin in five quick and easy steps.

- Step 1: CLEANSE with Optimal Cleansing Oil and Optimal Face Cleansing Cream
- Step 2: BALANCE with Optimal Skin Lotion
- Step 3: NOURISH with Optimal Skin Serum
- Step 4: REPLENISH with Optimal Skin Cream and Optimal Eye Cream
- Step 5: SOOTHE with Optimal After Shave Milk

Optimal Health products to feel great on the inside, and Mannatech Optimal Skin Care System™ to look great on the outside!

*Optimal Cleansing Oil is not water-based

**No added parabens
